

# Outline

group 27

October 2, 2024

# **1 topics**

## **1.1 text messages**

### **1.1.1 members**

- Jacob
- Aaron

### **1.1.2 description**

text messages can be considered dark data because of their permanent nature they are stored in the cloud and are normally kept well after they are sent and received. this leads to a lot of data storage being needed to store the communications of so many people.

## **1.2 photographs**

### **1.2.1 members**

- Mathew
- Hamza

### **1.2.2 description**

## **1.3 video**

### **1.3.1 members**

- Kacpar
- Ryan

### **1.3.2 description**
